Chief, Orientation and Briefing Faculty

Weekly Activities Report No. 51
16 - 22 December 1966

1. Evaluation of DDP Speakers

25X1A9a

At the request of Mr. Fitzgerald, OBF is in the process of compiling a list of DDP speakers who have spoken outside the Agency during CY 1966 with an evaluation, where possible, of their performance. A completed report will be submitted early next week to [REDACTED]

2. Special Briefing for White House Aide

25X1A9a

25X1A9a

25X1A9a

On 20 December in the Office of [REDACTED], the Special Assistant for Vietnam Affairs, [REDACTED] briefed Mr. Baumgartner, who is on the White House staff of Mr. Robert Komer, regarding the Vietnam Orientation program. In addition to [REDACTED] DC/FE/ [REDACTED] was also present. 25X1A

25X1A9a

Mr. Baumgartner, who will visit the Honolulu AID training center, is conducting a survey of the training being given personnel assigned to Saigon by CIA and other agencies. By late January, Mr. Baumgartner is to submit a report on the desirability and feasibility of providing centrally-coordinated training for all personnel -- State, Defense, CIA, etc. -- assigned to the newly established Office of Civil Operations under Deputy Ambassador William Porter in Saigon. Speaking for CIA, [REDACTED] indicated general, but, of course, tentative, approval for the idea and the companion suggestion of detailing a few persons to assist in its implementation. No action is apparently required of the DTR at this time.

3. Evaluation of DDS Speakers in the Intelligence Review

25X1A9a

In answer to a telephone query by [REDACTED] regarding the performance of the DDS speakers at the recently-completed Intelligence Review No. 13, [REDACTED] replied that the DDS speakers generally had put out on their usually excellent, well-planned presentation. Specifically mentioned, however, was the fact that [REDACTED], although most interesting in content, was not an inspiring speaker, and that [REDACTED], who was out-of-town during the Intelligence Review course, is by far the best speaker from 25X1A
